### Description

Mikhail Turovsky est un de ces grands peintres qui ont su le mieux se réapproprier la figure, lui donner un statut et une perception contemporaine. Il s'est démarqué des expériences nihilistes et des modes otages de l'immédiateté pour nous délivrer une œuvre dense dont la force, la spiritualité et l'affirmation de singularité sont aujourd'hui pour nous héritage. Prodigious destin de ce peintre né à Kiev en 1933 qui abandonnant une brillante carrière officielle dû émigrer durant la Guerre Froide aux Etats-Unis. Il a inversé la maxime " il déconstruire pour reconstruire ", pour remodeler à sa mesure la forme des décombres du conceptualisme ambiant. Il vit et peint à New-York depuis 1979. Ce livre retrace en 225 reproductions couleurs les cinq cycles majeurs de son œuvre. Son travail est présent dans de nombreux musées.
